

City of Alma

The City of Alma actually uses two different "Alert" systems. For several years we have used the CodeRed (from OnSolve) system, that many are already signed up to. This system notifies subscribers of important issues concerning the City of Alma residents. This system will contact subscribers via:

- landline
- cell phone
- email
- text message
- TTY
- or a combination of your choice

Now with website software, we will also have "Alerts" on our website. This system will put alerts on the website and email and/or text you, if you desire. If you do not sign up for these alerts, you can still see the alerts on the website.

If you would like us to sign you up for these services, we need the information below:

1: your name _____

2: your phone number _____

3: your address _____

4: your cell phone number _____

5: your cell phone number provider _____

6: your email address _____
